Favorite spare-time activities: Being with family. Watching grandchildren. They have cheered, played softball, soccer, & volleyball, all on select teams.

College & schools attended: Texas Tech

Are you retired? no

Occupation Grandmother, Mother, Wife. Do they ever retire? I did retire years ago from helping Gordon.

Minor or major occurrences and significant events since high school: Full life. Been to many countries. Have fun friends. Do lots of things Dallas has with them. Played tennis for years. Spent time on many social charities. Proudly stood with Gordon as he served as President of Homebuilders in Dallas area, Vice President state, and attended National boards, then given the highest award given to a builder. He has made life fun.

What accomplishments are you most proud of (work-related or personal life)? To have had such wonderful memories of family and friends, 49 wonderful years with Gordon, watching our children grow up and building homes across Dallas.

Any message for fellow classmates? Thank you for wonderful memories of growing up together at AHS. Wish each of you happiness. Thank you Annette Lawler Doche for being a true friend through all these years.

I'm happy to say that all my memories of growing up in Amarillo were super. Hang outs? Of course, Stanley's, Paramount theater, State theater, and the school itself. All the sports activities were proudful being a Sandie. I do think these years were probably some of the last of the innocent age and just fun. Amarillo was a wonderful place to grow up.

My family includes my Mom, who lives at Park Place Towers. I lost my precious father in 1985. My sister (youngest) Suzanne East lives in Amarillo. She has a daughter and son living in Amarillo and Gruver. My middle sister Linda Hagebusch lives in Dallas. We get to eat lunch a lot. She has one daughter, Kelly Ferguson, living in Dallas, one daughter, Keri Ferguson living in Florida, one son, Cory Ferguson, living in Florida. My girls married young men from their high school. So we helped raise them. They all went to college—Tracy to Texas Tech, Bruce to Southwestern, Alicia to SMU, Joe to Arkansas. Gordon is my soul mate. We have had so many good years and continue to stay active. He has not retired, but has slowed so we can do more things together. Mainly, we spend our time with your church, our children, and always still sitting at sporting games watching grandchildren.

God is good!
