Minor or major occurrences and significant events since high school: Lots of hard knocks of living and learning, raising my children, having a great husband by my side through thick and through thin.

What accomplishments are you most proud of (work-related or personal life)? Just that I have learned to be excited and joyous over the small things in life. I have learned the importance of laughter and a sense of humor. I am thankful that Jesus Christ came into my life at an early age and that He has been with me through so MANY life changing experiences, both good and bad.

Any message for fellow classmates? A prayer:

Dear Heavenly Father,

Please be with our troops in Iraq and their families.

I pray that you would touch the hearts of the citizens of our great country that they might seek your divine guidance and leadership.

I ask that you would place your healing hands upon any '57 Sandies or members of their families who may be experiencing health problems at this time and are unable to attend the 50th AHS Reunion.

I pray that there would be a sweet spirit of fellowship among our class members at this great event, and to those of us who are traveling, please grant a safe journey to and from the reunion for this glorious event with our friends from our youth.

In the name of Jesus,
Amen

GO SANDIES !!!!!
