Two children, Stacy 47 and Greg 45. Greg has two children, Ally 7 and Sam 6.

I am retired, but teach two courses, Ethics and The Impact of Disbelief on Society, at the Academy of Learning in retirement, building a home for 24 women leaving prison where they can remain 6 months to 2 years as a transition home before returning to society. I belong to THE NATIONS group in San Antonio, a political salon group, to Freethinkers of Central Texas, and helped co-found the Socrates Cafes for the San Antonio area, another group of salons for civilized discussion on philosophical issues.

I'm proudest of having taught Life Skills for Change in Prison for 13 years and volunteering for the Peace Corps in Central America helping women create cottage industries for over 2 years, and having helped open two of the first Battered Women's Shelters in Denton and Lubbock.

Attended University of North Texas, West Texas A&M, Texas Tech Law School and University of Texas at San Antonio.
